

MAIN FEATURES OF NEW TAX LAW ARE ENUMERATED

Revenue on Theatre Tickets of Small Amounts Repealed

WASHINGTON, June 2. AP.—The new revenue scales down federal taxes to the lowest level since the start of the war.

Individual income taxpayers are given the greater relief at the most of the remaining special war excise taxes either are repealed or reduced.

At the same time the law creates two new taxes—on gifts and Mah Jongg sets—and increases the tax rate on estates and playing cards.

Likewise the administrative gaps in the old law for tax evasions are expected as a result. The net reduction which is estimated the bill will make in government revenue next fiscal year beginning July 1, is \$361,000,000 but the full effect of the tax relief afforded will not be shown in government receipts until the following year when it is estimated, the total reduction will amount to more than \$400,000,000.

Changes ordered in the excise rates go into effect after thirty days. Of course the provisions for a 25 percent reduction on income tax payers' income taxes payable this year is effective as of January 1, this year on taxes which are payable next year.

Altho the legislation does not accord with his stand for the Mellon plan, the president affixed his signature because he believed it represents an improvement over the existing law.

Effect Immediate
The effect of the measure is immediate in that it reduces by 25 percent reduction on taxes payable this year.

General revision of both the normal and excise rates amounting to a 50 percent cut on taxes levied against incomes of \$8,000 and under.

An additional reduction of 25 percent which may be made on earned incomes.

For the purpose of this reduction all incomes of 5,000 and under are defined as earned. The cut may be made only on incomes up to \$10,000.

Exemption for heads of families with incomes of \$5,000 and over is increased from \$2,000 to \$2,500 the same as now allowed heads of families with incomes of \$5,000 and under. No change is made in the present law allowing an exception rule above the present law allowing an exception of \$1,000 for single persons.

The miscellaneous and excise taxes repealed and the amount of revenue involved are:

Telegraph and telephone messages \$34,000,000; beverages \$10,000,000; candy \$13,000,000; knives, dirks, daggers, etc. \$30,000; drafts and promissory notes \$2,150,000; theatres, shows, circuses (floor space) \$1,600,000.

In addition numerous other excise taxes are reduced. Theater tickets of fifty cents and under are exempted; automobile trucks the chassis of which sell for \$1,000 or less and the bodies for \$200 or less are exempted from the 3 percent tax, while the five percent levy on automobile tires, parts and accessories is cut in half.

Articles selling for \$30, or less and watches selling for \$60 or less are exempted from the five percent jewelry tax as are also surgical and musical instruments, eye glasses, spectacles, silver plated flat table ware and articles used for religious purposes. The tax of two cents on each \$100 sale on produce exchanges is cut in half.

Increase on Cards
The tax on playing cards was increased from eight to ten cents a pack.

The same brackets of amounts to which the estate tax is applied in the present law are retained but the rates are increased so that the maximum is 40 percent on amounts of \$10,000,000 and over instead of 25 percent.

The new gift tax carries the same rates as the revised estate tax. It allows an exemption of \$50,000.

The tax will be levied on the donor and against the total amount of the gift. This tax goes into effect as of last Jan-

AMENDMENT TO CHILD LABOR LAWS OBTAINS APPROVAL IN SENATE

Has Been Passed By House
And Will Now Go To
All States

WASHINGTON, June 2. — Approval was given by the senate tonight to a constitutional amendment which would empower the federal government to limit, regulate or prohibit the labor of children under 18 years of age. It previously had been approved by the house and now goes to the states for ratification.

Under the amendment congress would have the power of regulation but the enforcing power would be vested in the federal and state governments. The vote of three-fourths of the states is necessary for ratification.

The vote was 61 to 23, or five more than the necessary two-thirds.

The supreme court twice has declared federal child labor laws unconstitutional and opponents argued that the amendment would constitute an invasion of state rights, whereas proponents asserted that a federal standard must be set up to bring certain states which have been backward in the enactment of child labor legislation to a more rigid requirement.

The debate in the senate which preceded the vote tonight was declared by veteran members to have been on the whole the most forceful in that body this session. It occupied all of the day and evening and most of the past three days. Almost every senator availed himself of the opportunity given under the rule limiting each member to 15 minutes to present his views.

All efforts at modification failed, the proposal, as was the case when it was approved by the house, withstanding all attempts at amendment.

HOUSE VOTES TO CLOSE CONGRESS NEXT SATURDAY

Resolution Goes To Senate With Chances For Fight

WASHINGTON, June 2. — A concurrent resolution approved by the house, providing for adjournment of congress at 7 p. m., next Saturday went to the senate today but with the promise of a fight to prevent its adoption thru the introduction of a substitute resolution by Senator La Follette, Wisconsin, the Republican insurgent leader, providing for a one month recess.

The Wisconsin senator offered his substitute following a conference with Republican and Democratic leaders who were said to have given him little encouragement. His proposal would allow congress to reconvene July 7 to take up a legislative relief program covering agriculture, reclamation and transportation questions.

Similar motives led to the opposition votes in the house to adjournment resolution which was offered by Representative Longworth, the Republican leader, 95 Democrats, 58 Republicans, one Farmer-Labor, one Independent and one Socialist, principally from middle and far western states joining in the vote against it.

Indications in the senate were, however, that as in the house, where 136 Republicans and 85 Democrats supported the resolution, a non-partisan lineup would give sufficient votes for adoption of the adjournment proposal.

Associates of Senator La Follette believed no organized effort would be made to thwart the concurrent resolution. In accordance with custom this session was given in charge of Chairman Warren, Wyoming, of the appropriations committee who said he did not intend to call it up until the urgent deficiency bill providing funds for executing the bonus law has been enacted. This may delay senate action until Wednesday.

The La Follette resolution will come up automatically tomorrow if the regular order is followed.

The Wisconsin senator was understood to be preparing a speech on the subject which would make clear his position and that of his colleagues; that congress should not consider adjourning until a decided effort had been made "to save agriculture."

Mr. Longworth declared on the floor that he "sincerely" hoped a farm relief measure would be rushed thru before adjournment.

WASHINGTON, June 2. — Agriculture production has arrived at the best general balance since 1919 the department of agriculture announced today in its June review. A note of caution was sounded, however, that the balance might be upset by the tendency to overproduce poultry, corn, butter and potato production and the tendency to cut down too far on wheat, beef cattle and hogs.

A slight general improvement during April in the purchasing power of farm products, except in the case of butter and wheat was reported. Farm products moved up slightly in price while non-agricultural commodities came down slightly. This resulted in raising the general purchasing power index of farm products to 76 in April, as compared with 74 during the three previous months.

INDIANAPOLIS, Ind., June 2. — Officials of the International Typographical Union announced tonight that no more figures in the election of national officers of the union would be announced until the official tabulation is reviewed by the organization's canvassing board which meets here June 7.

An unofficial tabulation of about four fifths of the vote which was given out last night, showed James M. Lynch, of Syracuse, N. Y., leading Charles P. Howard of Detroit, incumbent, by more than 3,000 votes in the race for president.

Radio fans who tune in tomorrow morning at 9 o'clock Central Standard Time, on WDAF, broadcasting station of the Kansas City Star will be able to "see" the first of three official Shrine parades, which are to be staged during the national convention of the order. The star announced today that a sensitive microphone will be placed next to the street over which the parade passes where it will pick up the continuous stream of music from the bands as they pass.

Wabash Wreck Death List Reaches Eleven

ATTICA, Ind., June 2. — The death list in the wreck of Wabash passenger train No. 2, near here Sunday night mounted to 11 tonight when J. Charles Wilmoth, 5630 Pershing avenue, St. Louis died at a local hospital. Eight of the wreck victims are at undertaking parlors in Williamsport; two are in this city while one body is at Danville, Ill.

The other ten dead are as follows: Rabbi T. Goldberg, 203 East Broadway, New York City, instantly killed.

E. Phillips, Detroit, died of injuries.

Mrs. W. H. Pauley, Denatur, Ill., died of injuries.

Mrs. Abbie Holloway, Toledo, Ohio, instantly killed.

Walter L. Mitchell, St. Louis, Mo., died of injuries.

E. F. Lind, accountant in disbursing department, Wabash railroad, St. Louis.

George W. Bouchard, Peru, Ind., instantly killed.

George Korsmo, St. Louis, died of injuries.

Harry Elsmann, St. Louis, died of injuries.

Carl Dungan, Huntington, Ind., died of injuries.

Nineteen injured remain in a local hospital and it is expected that several of these will die, while 15 are in a Danville hospital all more or less seriously injured.

Responsibility for the catastrophe was placed upon David E. Torrence, a brakeman of Peru, Ind., by W. H. Rehkar, superintendent of the road. According to Rehkar, Torrence's failure to lock the switch into which the passenger train crashed caused the derailment of the six cars.

CHICAGO, June 2. — Illinois elected five of the seven justices of the supreme court today in an election in which the vote was the lightest in years.

Frederick R. DeYoung was elected from the seventh judicial district including Chicago and Cook county, Lake, DuPage, Will, and Kane counties.

Justice DeYoung, Republican, defeated A. Roy Shannon, Democrat by about 5,000 votes. It was indicated with nearly complete returns, less than one fifth of nearly a million voters of Cook county went to the polls.

In the sixth district Judge Oscar E. Heard of Freeport, Republican, was elected to the vacancy caused by the death of the late Justice James H. Cartwright.

Justice Heard had no opposition.

In the third district Justice Frank K. Dunn, Charleston, Republican, appeared to have been re-elected over Lawrence H. Stringer, Lincoln, his Democrat opponent. The vote here was also very light.

In the second district Justice William M. Farmer of Vandalia was re-elected. He is a Democrat and was unopposed.

In the first district Justice Warren W. Duncan of Marion, Republican, who was up for reelection was leading his Democrat opponent, Paul Farthing of East St. Louis on the basis of early returns.

FRANKS MURDER CASE MAY BRING BATTLE OF CASH

All Wealthy Fathers Plan To Spend Large Sums

CHICAGO, June 2. — The legal battle of millions to free Nathan Leopold, Jr., and Richard Loeb, scholarly sons of two Chicago millionaires, and confessed kidnapers and slayers of thirteen-year-old Robert Franks, son of another millionaire Chicagoan, opened today at the end of the legal skirmish, the state and defense attorneys each claimed victories.

Hearing on writ of habeas corpus for release of the two youths was continued to June 6, but the defense succeeded in securing an order taking the boys from the custody of the police and remanding them to the care of the sheriff of Cook county.

The inquest into young Franks' death was reopened today but was again continued to June 27. Robert E. Crowe, state's attorney said he would take the case before the June grand jury tomorrow. He said he expected to ask kidnapping for ransom, each crime punishable by death.

The most important evidence unearthed today was a letter which Mr. Crowe said was written to Jacob Franks, father of the slain boy, by Leopold and Loeb. It was found in a Michigan Central sleeper at New York.

When young Franks disappeared May 21, Leopold and Loeb, according to Mr. Crowe, telephoned the Franks home notifying the parents their son was held for ransom. Next day, their confessions said, they sent Mr. Franks a letter asking \$10,000 ransom and in the afternoon, shortly before the body of the boy was found in a South Side swamp, and had been identified, they made a second call to the father who had the money waiting, telling him to go to a certain drug store.

He failed to understand the address and did not go. Had he proceeded to the store, the boys said, he would have been instructed to buy a Michigan Central railroad ticket to Gary, Ind., and to sit in a certain rear car seat where the letter had been placed. The letter instructed him to watch for a large sign after passing a certain street and to count four and then toss the money out the window the boys said. This part of their plot, according to Mr. Crowe had been carefully rehearsed.

Clarence Darrow, chief of counsel for the defense, said during the habeas corpus proceedings that the action was not brought so much with a view of having the prisoners freed as to allow their attorneys to consult with them and to prevent the state from making an examination as to their sanity. There was an indication that the confessions, if not repudiated would be attacked on the ground that the youths had made the statements attributed to them after they had been subjected to long hours of questioning and had been forced to go without sleep and endure other hardships.

Mr. Crowe declared the state now has in its possession every bit of evidence the boys have mentioned except the typewriter used in writing the ransom letter. Search for it continues.

Young Leopold, son of Nathan Leopold, Sr., wealthy box manufacturer appeared nonchalant after the court hearing and inquest and had not forsworn his bragado attitude of yesterday when he boasted of his family's wealth and suggested that a few jurors might be paid.

Young Loeb, however, was extremely nervous and was apparently much affected by the trying ordeal. The boys have developed an enmity toward each other because each claims the other did the actual slaying.

PEACE SETTLES DOWN ON BAPTIST MEETING IN CLOSING SESSION

All Factions Finally Join In
Endeavor To Build
Church

MILWAUKEE, Wis., June 2. — Peace settled down on the Northern Baptist convention here tonight bringing in the closing hours of that assembly a harmony unlooked for in the stormy days of its beginning, nearly a week ago.

Fundamentalist and modernist and middle-of-the-road Baptists, Christians, all, joined in a new endeavor pledged for the advancement of the church in many fields of endeavor.

Baptist history made in the 1924 convention which closes its sessions tomorrow is reflected in the following actions taken:

Creation of a commission to investigate the board of managers of the American Baptist foreign mission society on charges of sending forth missionaries of liberal or modernist belief.

Adoption of a resolution aiming at the elimination of war as a wrong method of settling international disputes.

Condemnation of the Japanese exclusion provision of the immigration act and the sending of a resolution to congress expressing sentiment of the convention thereon.

Recommendation urging congressional action looking to the submission to the states of an amendment regulating child labor in the United States.

Urged moral films and the showing of them at such hours as will not conflict with the hours of church services.

An outstanding independent factor at the convention was the work of the Baptist Bible Union, a new organization the purpose of which is to sustain the denomination in extreme fundamentalist doctrine in acting as a check on modernist activities in the convention. Plans were made late today for the extension of the work of organizing unions in all states.

The convention failed to take action on a movement to divorce the organization from the Federal Council of Churches of Christ in America.

COOLIDGE SIGNS TAX BILL WHILE PARTLY AGAINST

Declares Measure Is Merely Reduction And Not Reform

WASHINGTON, June 2. — President Coolidge today signed the tax reduction bill but declaring it unsatisfactory, announced he would bend all his energies to obtaining enactment of a better measure at the next session of congress.

The bill which decreases tax rates in most instances to the lowest levels since 1917 and was the basis of the hottest legislative fight of the present session of congress, was declared by the president in a 2,500 word statement issued coincident with his approval of the measure to represent merely "tax reduction, not tax reform."

"The bill does not represent a sound permanent tax policy and in its passage has been subject to unfortunate influences which ought not to control fiscal questions," the executive said.

A THOUGHT

Where no counsel is, the people fall; but in the multitude of counsellors there is safety.—Prov. 11:14.

The best receipt—best to work and best to take—is the admonition of a friend.—Bacon.

The American people certainly like to step up and place a bet on which shell the little pea is under. In 1914 stock swindlers recently separated the public from 250 million dollars. This year the plunder from worthless stocks will be four times as much, predicts Henry L. Doherty, the investment banker. That'll be about \$10 for every man, woman, and child.

Says Doherty: "Americans are the most gullible investors in the world." Political observers guessed as much, long before Barnum started his museum. As for stock swindlers, the man who tries to get something for nothing

usually gets nothing for something. Russian farmers are gradually getting back toward pre-war crops. Very gradually, however. Final figures show last year's wheat crop over there was 243 million bushels, compared with the record of 973 million bushels in 1913.

The three-fourths drop in production gives an inkling of the malnutrition and starvation that have stalked the land of the ex-Emperors. An empty stomach, rather than governmental changes, apparently explains Russian conditions for the past few years. Total grain crops in 1923 were about a fourth larger than the year before, but a fourth larger than in 1921. The 1924 outlook is better.

Business will take a turn for the better in the not distant future, predicts Willis L. King, He's vice-president of Jones & Laughlin, power plant in the steel industry. King looks for better times at the presidential nominating conventions. The really big sport around will come after the fall elections, regarding to opinions of leading business men.

There cannot continue dull very long, that's sure. Stocks of raw materials in manufacturer's hand and finished goods in retail stores are low. There has been little overhauling or overproduction.

The Beautiful
"MERRY-GO-ROUND" GIRL, IN "Fools' Highway"
A love story of gripping intensity, picturing one of the most fascinating phases of New York life.
Would she follow Fools' Highway? The curtain of her childhood had rung down. The innocence of young womanhood was henceforth to be the mark of hardened gaud. Would she follow the easiest way—painted in glowing color? You have seen many pictures dealing with this theme, but none so true, gripping, or beautifully told. You will see the emotions of a young girl, brought face to face with the cruel and cynical devil of temptation. You will feel a clutching of the throat at the tender appeal of exquisite innocence.

JUDGE ALLEN HEARD BY I. W. C. SENIORS

Prominent Woman Member of the Ohio Supreme Court, Delivered Impressive Baccalaureate Address at Centenary Church
The annual baccalaureate service of Illinois Woman's college took place at Centenary church Sunday morning. The speaker was Judge Florence E. Allen of the supreme court of Ohio, who made a remarkably forceful address.

The academic procession from the college to the church moved at 10:30 o'clock, with Senator James H. MacMurray of Chicago, president of the board of trustees, leading.

As the audience was being seated Miss Myrtle Lamore at the organ played a sonata in C minor. The audience sang "When Morning Gilds the Skies" and Rev. C. D. Robertson, pastor of the church, gave the invocation and led in repeating the Apostles' Creed.

Miss Horsburgh gave a violin solo, "Serenade," by Haydn-Auer. The Scripture lesson was read by Rev. H. B. Lewis, pastor of Grace A. E. church, after which the Madrigal club rendered "Agasus Dei" by Bizet. The responsive lesson was read by Rev. G. W. Randle, after which the audience joined in another hymn.

Senator MacMurray, who presided, in introducing Judge Allen commented upon the distinction with which she is serving as a member of the supreme court of Ohio.

Judge Allen announced for her text, "What doth the Lord require of thee, O man, but to do justly to love mercy and to walk humbly with thy God?" The speaker said in substance:

At the first glance, this seems to be an easy program to carry out, but it is complicated by the conduct of society, which walks in arrogance and practices injustice. It is impossible to fulfill this command unless we take part in the functions of government. Men cannot do their Christian duty without performing their civic duty. The church need not go into politics as an organization; the union of church and state is inadvisable, but the purpose of government is moral and ethical and the church cannot fulfill its function without pecking its force into government, which is constituted not to care for the incidentals but the fundamentals of human welfare.

Many an individual who would resent being called superstitious falls for the chain letter through thoughtlessness or unrecognized fear. Fortunately not every recipient of a chain letter experiences unwelcome. A good many realize that the letter is a waste of time and money, an encumbrance to postal facilities, a stupid appeal to a false authority or superstition, and a thoroughly useless thing.

Through the official publication of the Philadelphia Chamber of Commerce, the business man is reminded to challenge his fellow citizens to check the pernicious chain letter.

Mr. publicity of this sort and more recent denouncement by persons with courage and the good sense to throw such communications into the wastebasket would tend to lessen the nuisance.

STUDENTS TO KNOW MORE ABOUT NATION

President Coolidge Approves of Republican Clubs in Colleges and Universities.
WASHINGTON, June 2.—President Coolidge has taken a deep interest in the formation of republican clubs in colleges and universities throughout the country for the purpose of encouraging a better acquaintance on the part of students with the nation's political affairs and with republican party principles.

In a statement to Director John Hamlin of the college bureau of the Republican National Committee, under whose auspices nearly 150 of these clubs have been organized, President Coolidge says:

Your plans to perfect and expand the organization of the Associated University Republican Clubs are particularly interesting. The importance of interesting young men and women in the civic duties and obligations, which must always constitute an important part of their debt to the community, is hardly to be overestimated.

Those who have the privilege of generous preparation for the discharge of great public duties must be relied upon in large part to take the leadership of public thought and activities. It is highly desirable that they be trained and interested in this great public service during the period of their scholastic training.

ARKANSAS RESIDENT TO BE BURIED HERE

Remains of Mrs. Ellen English to be Brought Here for Burial—News Notes From Murrayville.

Murrayville, June 2.—Mrs. Ellen English of Little Rock, Ark., died at her home there at 7:30 a. m., Sunday, death coming as a result of injuries sustained in a recent accident. Mrs. English, a niece of the deceased, left for Little Rock Sunday, accompanied by William Tracy of Jerseyville.

Mrs. English was known to many Morgan county people having visited the Connolly families in this vicinity at numerous times in past years.

The remains are to be taken to Jacksonville for burial, arriving Wednesday noon and announcement as to the time of the funeral will be made later.

AUTOMOTIVE DEALERS IN WEEKLY SESSION

The Jacksonville Automotive Dealers association met at the Dunlap hotel Monday noon for the regular weekly luncheon.

President W. H. Cocking presided and Ralph Withee, the secretary recorded the following present: George Lukeman, treasurer; J. E. Claus, C. M. Strawn, Dave Orr, Orrin Cook, C. P. Joy, J. H. Berger, members; John M. Rule, honorary member.

The report of the race committee on the Decoration Day races consumed practically the entire business session. A full report has not yet been compiled, but in a general way the meet was a success. It was decided to make auto racing an annual event of the association.

A vote of thanks was unanimously extended to the public, the business men and all organizations of the city for their support of the race program.

CLASS DAY PROGRAM AT WOMAN'S COLLEGE

"Come to the Fair" Proved an Unusual and Delightful Presentation.
With the folk pageant "Come to the Fair" the Senior Class of the Illinois Woman's College presented a colorful program of songs and dances for the Class Day exercises which were held in Music Hall yesterday afternoon.

The program opened with the reading of the Class Prophecy, by Miss Audrey King, who also was the originator of the afternoon's play.

The story dealt with Mrs. McGregory and her two children, Jan and Katinka, whom she took to the Fair to see the clowns, the gamblers, the gypsies, and the demagogues. Pierrot and Pierrette, while at the Fair, Mrs. McGregory met her old friend, Mr. McIntosh, and became so interested in him that she allowed her children to be lured away, and had an exciting afternoon getting them back.

The character and dancing parts were taken as follows:
Mrs. McGregory—Alice Barwise
Mr. McIntosh—Pearl Sarick
Jan—Sari Jones
Katinka—Mildred Waldron
The gamblers—The Girl, Katherine Smith; The Boy, Marion Thompson; The Girl's Mother, Mrs. Filson.
Photographer—Marguerite Watters.
Pierrot and Pierrette—Audrey King, Avis Murphy.
Detective—Helen Caster.
Gypsies—Leader, Katherine Randall; Carrie Pyramon, Lucette Markol; Helen Gower, Helen Bly, Fortune Teller—Ruth Espersen.
Clown—Luro Anderson.
Tumbler—Jeanette Meredith.
Vendor—Eileen Roques.
Soldiers—Leader, Esther Pearl Elizabeth Moore, Mary Elizabeth Clark, Mrs. White, Zenith Zimmerman, Hazel Quick.
Solo Dancers—Katherine Randall, Jeanette Meredith, Audrey King and Avis Murphy. Miss Virginia Clark, on the program.

The Junior Class furnished ushers with Misses Lene Bennett, Benah Whitehead, Lucille Morris and Theolina Pires taking part.

Commencement Day ushers include the Marshalls, Irene Pratt, Hazel Moore, Harriet Mcomber and Beatrice Hasenstab, Esmeralda Bennett, Romona Pfendler, Zenith Homberger, Martha Logan, Carol Roark, Gwendolyn Schroyer.

HANDICRAFT INTERESTS OFFICERS

A. W. Dittmore, who is renowned for his ability to extricate himself from any type of head-cuff, and who demonstrates the latest tricks of guynap of the big city criminals, came here yesterday and gave an exhibition for the benefit of police and sheriff forces.

The exhibitions were private as Dittmore will not give this information to any except officers of the law. He showed the source how the criminals of today manage locks, handcuffs and cuffs, and how they are sometimes able to overpower officers by tricks which they know and practice deftly, and how the officer may, by a knowledge of these subtleties circumvent the efforts of their prisoners to escape.

George Dale of Virginia was a Jacksonville visitor yesterday.

"NO WONDER SO MANY PEOPLE PRAISE TAN-LAC"—MRS. JACOBSON.

Galesburg Lady Knows From Own Experience That Tanlac Is Without An Equal As a Restorative Medicine.
"After all Tanlac has done for me I no longer wonder why so many people praise it," states Mrs. Lila Jacobson, 203 S. Chambers St., Galesburg, Ill.

"Following an attack of Flu and an operation in 1918 I suffered so much from nervousness and loss of energy that I was discouraged and miserable almost to the point of despair. My weight, like my strength, was steadily decreasing, because I had no appetite and suffered terribly from indigestion.

Tanlac Vegetables Pills are made and recommended by the manufacturers of Tanlac. They are a safe certain help for constipation. Adv

"Tanlac has sharpened up my appetite and brought me such good digestion that I have gained 21 lbs., and my friends say I am a picture of health. My despondent feelings which resulted from the operation and Flu have left me and I am feeling as healthy and happy as I could wish. I can never praise Tanlac enough for my new health and strength."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

BECOMES OWNER OF
OFFICE BUILDING

State's Attorney Carl E. Robinson is now owner of Scott Block on West State Street—Will Be Made Into Modern Office Building.

Announcement was made yesterday of the purchase by State's Attorney Carl E. Robinson of the Scott Block from the Jacksonville Clinic Building corporation. This is a group of local physicians who purchased the building some time ago with the idea of later converting it into office headquarters. Later this plan was abandoned, and the sale above noted has just been consummated by Carl E. Robinson.

The Scott Block is the two-story building just west of the court house on West State street. The entire building now forms the temporary headquarters of the firm of Andre & Andre, and will probably be so occupied until the completion of the new Andre & Andre building on the north side of the square.

It is understood that the new owner of the Scott Block plans some extensive changes and improvements. An elevator is to be installed and when the building is remodeled it will be a modern and first class office building. It is Mr. Robinson's intention to establish law offices in the building when he returns from the office of state's attorney next November. There are a number of prospective tenants for the building and the new owner believes there will be no difficulty in leasing all the space available.

How to build up your
Weight

Increase your Red-Blood-Cells. That's the sure way to S.S.S. blood-cells; this means strength!

Do you know why insurance companies refuse to insure a great many men because they are underweight? Simply because to be underweight often proves low fight.

Only well-developed, healthy men and women enjoy the best in life. If you are thin, it often means you are minus nerve-power, minus red-cells in your blood, minus health, minus energy, minus vitality. It is serious to be minus, but the moment you increase the number of your red-blood-cells, you begin to become plus. That's why S. S. S., since 1836, has meant to thousands of underweight men and women, a plus in their strength. Hollow cheeks fill out. You stop being a calamity-feeler. You inspire confidence. Your body fits to the point of power, your flesh becomes firmer, the eye lines that come from thinness disappear. You look younger, firmer, happier, and you feel it, too, all over your body. Here red-blood-cells! S. S. S. will build them. Take S. S. S. It contains only pure, vegetable medicinal ingredients. S. S. S. is sold at all good drug stores. The large size is more economical.

S.S.S. makes you feel like yourself again.

JACKSONVILLE MAY
LOSE ALTON HUMMER

New Card Routes Popular Train From Chicago By Way of Springfield—Mayor Crabtree Files Protest.

The unwelcome news came to Jacksonville yesterday that the Chicago & Alton railroad, under a time card to become effective next Sunday will route the south bound Hummer by way of Springfield. This plan if carried into effect, will lose to Jacksonville a very satisfactory train from Chicago.

Under the present card it is now possible to leave Chicago at 6 p. m. and arrive here at 11:35 p. m. A statement about the proposed card reached the office of Harold Welch, secretary of the chamber of commerce, who informed Mayor Crabtree.

Shortly afterward Mayor Crabtree took the matter up by phone with S. G. Lutz, vice-president of the C. & A. and vigorously expressed the regret that Jacksonville people will have if this train is taken off.

He told the C. & A. official that the routing of this train had the mark of discrimination against Jacksonville altho the relations existing between the city and the railroad are entirely friendly.

Mr. Lutz said the change was being made in order to compete with the Santa Fe Chicago to Kansas City service, and said that the route via Springfield is very much shorter than the route from Birmingham thru to Roodhouse, and with a better trackage condition. However, Mr. Lutz promised to take the matter up with other officials of the Alton and to write a letter in further discussion of the subject.

DEATHS

Upchurch

The death of the infant son of Mr. and Mrs. Harold Upchurch occurred Sunday June 1, and interment was made in the Hebrew cemetery at 4 o'clock yesterday afternoon.

Ward

Mrs. Frank Ward passed away at 5:30 a. m. Sunday, June 1, at the home of her daughter, Mrs. John Van Os, 445 East College avenue, following a period of ill health due to gall stone trouble.

The deceased, who before her marriage was Miss Nora Sullivan, was born in Ireland May 10, 1849. When but an infant she came with her parents to this country and in a comparatively short time both parents died, leaving her to the care of her aunt, Mrs. Nora McCarty of Indianapolis, Ind., where she was reared and educated.

In 1866 she came to Jacksonville, which has continued to be her home ever since. In July 1869, she was united in marriage to Frank Ward. They were the parents of eight children, six of whom survive their mother. Her husband died November 9, 1898. A son, Patrick Cornelius, died in infancy and a daughter, Anna Louise, died Dec. 22, 1903.

The surviving children are John J. Ward, Jacksonville; Sister Constantia of the Dominican Convent, Springfield; Mrs. Sam H. Jepson, Springfield; Mrs. John Van Os, Mrs. Frances Kenny and Mrs. Steer, all of Jacksonville. She is also survived by six grandchildren, Louise, Frances, Rose and Leah Nora Steer, Frank W. Jepson and Theresa Kenney.

The funeral will take place from the Church of Our Saviour this morning at 8:30 o'clock, with interment in Calvary cemetery.

Campbell

The death of Mrs. Virginia Ann Campbell occurred at the Barnes Memorial hospital in St. Louis. Mrs. Campbell is the mother of Mrs. P. W. Fox and Mr. Fox went to St. Louis Sunday and accompanied the remains to the city.

Funeral services will be conducted at the Gillham Funeral home this afternoon at 2:30 o'clock. Burial will be in Diamond Grove cemetery.

The decedent was a daughter of Judge Abner J. Frazier and Jane Dinwiddie Frazier, and was born May 1st, 1845, at Maple Grove, near Greenville, Tenn.

At the age of three years she became an orphan, the youngest of seven children and was reared by two of her maiden aunts. In the year 1862 she was united in marriage to Alexander Campbell of Campbell's cross roads near the end of Clinch mountain in the valley of Holston river, Tenn.

She was the mother of five children, the eldest dying in infancy and Charles L. Campbell also preceded her in death. Her husband died in 1883. Surviving are Mrs. P. W. Fox, Jacksonville; Magnolia and Thomas J., who lived with their mother.

Mrs. Campbell was the descendant of an old American family. Jeremiah Frazier being a member of the assembly of North Carolina for eight years.

He was a former professor of the University of Edinburgh, Scotland, and voted for the independence of North Carolina, helping to write its constitution. His son, Samuel Frazier, fought in the Revolution and a farm which he was given for his services is now a part of the National park at Chattanooga, Tenn. Samuel Frazier married Rebecca Julian, daughter of Captain Peter Julian, known in history as Captain Peter Julian, son of Rega St. Julian, French noble Huguenot who had an English grant to most of the land of Western North Carolina. Abner Frazier, the first, helped frame the constitution of Tennessee. Senator and ex-Governor of Tennessee James B. Frazier is her first cousin, as is also William Frazier of Chattanooga, Tenn. She is the last of seven children.

She leaves only one grandchild, Ordain P. Fox, superintendent of the Redpath Chautauqua, at present in the south.

In early life Mrs. Campbell joined the Methodist church and all during her young and middle life worked for the good of the church. She will be remembered by many of the old people of her home town for untiring help during sickness and death.

CAIRO GIRL IS OLYMPIC SWIMMER

MURRAYVILLE MAN'S
WILL IS FILED

The will of the late Alexander Lovell of Murrayville was filed for probate yesterday in the office of County Clerk George L. Riggs. The document was executed April 3, 1924 and bears the signatures of W. E. Wright and J. E. Thompson as witnesses. The testator bequeaths all his property both real and personal to his wife, Katherine Lovell, for her use during her lifetime. At her death the property is to be divided between the following children, William L., Barbary E., Bettis, Nora L. Lovell, Nellie M., Walker, Stella M. Lawson and Jessie E. Osborne.

ATTEMPTED HOLDUP

It was reported that, about 12:30 o'clock, this (Tuesday) morning, Donald Fitzgerald, an employee at the Lloyd Shoe store residing on West Walnut street was the victim of an attempted holdup at the North Main street crossing of the Washburn railroad. Young Fitzgerald was on his way home when a large man, apparently a negro, hit him over the head with some kind of weapon but did not follow up the blow, and Fitzgerald did not give him much time for consideration as he started for other parts as soon as he could regain his feet and get them to carry him.

MISSOURI VISITORS HERE

Mrs. George Craig and daughter Catherine of Webster Grove, Mo., are visitors at the home of Mr. and Mrs. Charles Patton on Caldwell street. On their return to their home Thursday they will be accompanied by Mrs. Patton, son Orville, and granddaughter, Ida May, who will make an extended visit in the vicinity of Webster Grove.

APOPLEXY CLAIMS
MRS EDWARD HENRY

Supervisor of Young Boys Department at School for Deaf Is Stricken and Dies Shortly Afterward

The death of Mrs. Edward Henry for seven years supervisor of the young boys' department at the Illinois School for the Deaf occurred Sunday night at 8 o'clock, when she was stricken, death being due to apoplexy.

The remains were removed to the Reynolds Mortuary where an inquest was held by Coroner C. A. Rose. The jury consisting of Robert Mutch, foreman, William Hatz, W. F. Corbridge, C. C. Carter, G. W. Meyer and P. G. Stein, found that death was due to apoplexy, caused by high blood pressure and arterial sclerosis as contributory causes.

Mrs. Ida L. Whitmer was the first witness to testify at the inquest. She stated that about 6:30 o'clock Sunday afternoon, she was on the porch with Mrs. Henry and that the latter was marked about feeling ill, in a few minutes she became ill and Dr. G. E. Barker was called.

Dr. Barker stated the decedent was dying when he arrived. He said he had attended her a few times last winter and that she had arterio sclerosis, high blood pressure and evidence of indigestion. Dr. Barker stated that upon examination he found that she had died of apoplexy.

Mrs. Henry was born in the west part of Morgan county and was educated in the Jacksonville schools. Her husband preceded her in death in 1904. Her untimely death comes as a shock to the people connected with the

ORATORICAL CONTEST
AT L. C. SATURDAY

The annual Junior oratorical contest at Illinois college will take place next Saturday evening, June 7, at the Jones Memorial building. Freshmen, sophomores and juniors are eligible for the contest and the highest ranking junior will receive the Hall prize, which is a cash award. By the turn of a lever she has just the heat she wants for stewing fruit

Does your kitchen stove
take the starch out of you?

WHAT can wilt you more completely—your gown, your hair, your spirits—than a roaring fire in the cook stove? The moment you put a Florence Oil Range in your kitchen you will realize that it is quite possible to cook in real comfort.

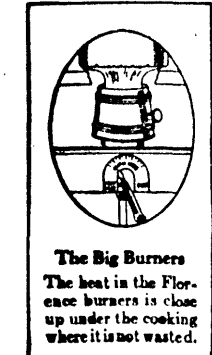

With a Florence you get all the heat you want, but it goes into the cooking instead of into the metal of the stove or out into the room. You can bake, roast, fry and boil with this modern oil range. And, of course, you use it only when actually cooking. This means not only comfort but economy.

So easy to start
You just touch a match to the Asbestos Kindler. In a few moments you have an intensely hot blue flame, close

up under the cooking. Turn a lever and you can regulate the heat to any degree desired. The vapor from kerosene is what burns. It is not a wick flame. Kerosene is a cheap and plentiful fuel. You will find that the Florence cuts down your household bills.

See it at the store

Take a few minutes and examine this modern range in a store. (It is sold by leading department, furniture, and hardware stores.) Notice the quality of the porcelain enamel, the sturdiness of the whole range. The oil reservoir is metal. The oven has the famous "baker's arch" and our patented heat-spreader to distribute the heat evenly.

The Big Burner
The heat in the Florence burners is close up under the cooking where it is not wasted.

Florence Leveler
Attached to each leg of the stove, this device enables you to set the stove level on an uneven floor.

INDEES CLFAN UP IN BOOSTER SERIES

Win Final Game of Series By Score of 9 to 2—Fanning and Wood on Mound for Locals—Visiting Pitchers Weak.

The Indies continued their stellar work by handing the third straight lacing to the visiting Rock Island Boosters Sunday, and sending them home without a game to show for their credit while here, the locals having a comparatively easy time in rolling up a score of 9 to 2 against the visitors. Ira Fanning was in the box for the first four innings and had the Boosters eating out of his hand, but had to retire in that frame to catch a train for Carrollton and Woods took up the burden, and although still a trifle while from his blowing on Saturday was able to protect the game while his teammates added five runs in the seventh to the one in the first an dthrice in the third innings, which had been registered before Wood took the mound.

Carl French, usually dependable with the stick, suffered an off day at bat, going through the whole game without a hit, but Christopher and Wilson partly made up for it by connecting for two hits each. Jacksonville's error column also looked nicely with only one bobble marked up against Hank Boyd, but what is an error against such a player as Boyd, who goes after all of them and takes any kind of wild chances in an effort to let none get by him.

The Boosters have a nifty team but are away short on good pitchers accompanying the team to Jacksonville. In addition, Sunday for the visitors who were charged with five during the contest.

A very small crowd witnessed the tilt Sunday and Manager Smith says that although he is a way jubilant over the fact that his team has lost but one game this season, he is anything but jubilant at the prospects at the gate for the season. He announced yesterday that he will hold on for two weeks more and may then find it necessary to disband for the season.

In connection with this matter, it is only deemed fair to say that although some of the fans of the city have offered criticism of the team and management recently, the fact remains, whether these criticisms are justified or not, the Indies have been playing real ball against real teams, and it is the judgment of very, very many who have watched them perform, that they are one of the most evenly balanced teams which has ever been organized in the city.

On next Sunday the Virden Slovaks will be the attraction and as they defeated the Indies, and further as their manager claims to have a better aggregation this season, this will be another chance for the locals to prove their prowess.

HUBS HAVE BATFEST WITH MT. STERLING

The Hub Clothiers succeeded in showing Mt. Sterling Sunday that there are men in Jacksonville who can handle a ball by defeating them by a score of 13 to 4, this being the fifth win for the Hubs with but one defeat this season.

Every man on the Hub team scored and Johnson counted three tallies while Shelton and Bockerman had two each. The Jacksonville aggregation showed an extreme liking for Perry's benders and socked them early and often and Mt. Sterling assisted them on their way to a heavy score by committing 10 errors.

Market Report By The Associated Press

WHEAT TAKES SHARP BREAK ON MARKET

CHICAGO, June 2. General selling variously accounted for as due to an adjournment vote at Washington and to heading sales from the southwest led to sharp break in wheat prices late today. There was an unsettled closing 1c to 2c lower, July \$1.03 1/2 and \$1.05 1/2. Corn finished unchanged to 3/4c down and oats 1/2c to 3/4c off. In provisions the outcome was 12c to 15c to 17c to 20c advance.

In contrast with the pronounced weakness which developed during the last part of the day, the wheat market earlier showed considerable firmness owing chiefly to 1924 official domestic crop estimates. These crop figures suggested at a production 10,000,000 bushels less than was harvested in 1923. Bullish sentiment was also temporarily encouraged by the fact that for the first time this year the July delivery at Winnipeg commanded a premium over Chicago. Apparently, however, bullish aspects of the crop estimates made public here have been readily discounted and notable lack of support became evident when selling broadened out in the final hour.

Moves toward congressional adjournment were construed in some quarters as pointing to defeat of farm legislation and were said to have checked buying, as well as given impetus to selling. The fact that houses with southwest connections were free sellers seemed also to imply hedging pressure.

In any event the rapid declines which ensued swept into play numerous standing orders to unload at definite limits and thus stop further losses to holders. Corn and oats followed wheat. Increased receipts of corn were predicted. Weather, too, favored the selling side. Provisions were responsive to firmness of hog values. Further more offerings were light.

Peoria Grain

Peoria, Ill. June 2. Corn receipts 21 cars; unchanged at 75c higher. No. 3 yellow 75c; sample 74c.

CHICAGO CASH GRAIN

Chicago, June 2. Wheat to day finished with a loss of 1 1/2c as compared with Saturday's close. Premiums and discounts including corn, oats. Shipping sales here were 15,000 bushels. New York estimated that 1,900,000 bushels of wheat was worked for export.

Corn was 3/4c easier; shipping sales here were 10,000 bushels.

Oats finished 1/4c off. Shipping sales here were 70,000 bushels.

LOWER MONEY PRICE AID TO BORROWING

NEW YORK, June 2.—The extent to which cheap money has stimulated borrowing is revealed by a compilation of new financing last month the total amount of new capital issues being placed at \$25,919,200, said to be a new high record for that particular month. The figures compare with \$18,220,300 in May of last year and \$25,425,000 in April of the present year.

Industrial bonds accounted for the area bulk of the new financing last month with a total of \$501,750,000. Railroad bond issues amounted to only \$76,168,000.

FEDERATED CHURCH
CLUB PLANS MEETING

Next Regular Meeting of Men's Federated Church Club Announced for Next Monday Night—Plans for Picnic Progress

At a luncheon conference held Monday at the Elks club, the program committee of the Men's Federated Church club perfected plans for the next meeting of the club, which will be held on Monday evening, June 9, at First Baptist church.

This will probably be the last meeting of the club until after the summer vacation period. Officers will be elected for the coming year, and other business given attention. Carl O. Gordon, the retiring president, will speak briefly about what the club hopes to do during the coming months. At the meeting next Monday night the plans for the community Sunday school picnic will be discussed, and S. E. Albrecht will give a report of the athletic program planned for that event. Dr. W. E. Sponts will also tell something about the plans for the picnic, which is to be held at Nichols park, Friday, June 13.

The plans for the picnic have not yet been completed, but it has been announced that C. S. Black

will be marshal of the day and J. G. Berger chairman of the parade committee. The athletic committee includes S. E. Albrecht, John Mitchell and Henry Alexander. The aquatic sports will be in charge of Mr. Mitchell, the track events will be managed by Mr. Alexander and some comedy stunts will be directed by Mr. Albrecht.

During the afternoon there will be brief addresses by Dr. W. E. Sponts and A. A. Curry, and music in the program of the day. The grounds committee includes Joshua Vasconcellos, C. E. Williamson and several others. The arrangements for the picnic are such that it promises to be even a greater success than the one given last year by the churches of the city and county.

TRAFFIC ORDINANCE IS
PASSED BY COUNCIL

Ordinance Regulating Parking and Traffic in the City Passed at Last Night's Session of City Council—Reports of City Officers Made.

The city council held a lengthy session last night, in which action was taken in various matters of city business and other affairs discussed. The roll call showed Mayor Crabtree, City Clerk Scott, Aldermen Blesse, Chumley, Fairbank, Chapin, Cobb, Sorrells and McGinnis present.

The ordinance regulating the parking and operation of vehicles and the use of the streets within the city was passed at the meeting with all members present voting for the measure. The ordinance will be in full force and effect until the first of July next.

The new city law has been under consideration by the members of the council for a considerable length of time and it was only after consultation with the citizens of Jacksonville that the ordinance was passed.

A section of the ordinance regulating parking in the business district, prohibits parking for more than one hour in any consecutive three-hour period and in between the hours of nine in the morning and six o'clock in the evening, except Saturday, when the hours are extended to nine o'clock and except Sunday, within one block of the roadway of the square and where angle parking is provided for at the park curb.

To comply with the ordinance all vehicles entering or crossing an arterial highway shall come to a full stop at the property line before entering it. The arterial highways are: West State, East State, North Main and South Main streets, East College, West College and East Morton avenues.

One-way traffic is provided for on Morgan, Sandy, Mauvaisterre and Court streets. Traffic will travel south on Sandy street, West on Court street, north on Mauvaisterre street and east on Morgan street, with parking allowed on both sides of the street.

Bids were opened for furnishing material for water mains to be constructed from the city pumping plant to the intersection of South Main and Chambers st.

The contract was awarded to the United States Cast Iron Pipe & Foundry Co. of Chicago for \$19,910.19. The National Cast Iron Pipe Co. also of Chicago was the next lowest bidder with a bid of \$19,814.64 and while a lower figure was given by the last named firm the members of the council accepted the bid of the former because of a ten day delivery clause and a guaranteed price instead of an estimated price that the National cast iron pipe Co. gave.

Ass Robinson was present at the meeting and stated that North Main street was in bad shape due to the removing of pavement bricks for the purpose of repairing gas and sewer mains. This matter was referred to the street committee.

Officers Report
Reports of officers were received and made a matter of record. City Clerk Scott reported receipts from Jacksonville cemetery, \$320.40; Diamond Grove cemetery, \$1,531.75; and the City Clerk's office, \$181.50.

Report of H. C. Clement, city treasurer showed a balance of \$1,795.55 in the general fund. The report of John E. Pires, section at the Jacksonville cemetery showed nine interments made and that of H. H. Summers, section of Diamond Grove cemetery 8 graves made during the month.

V. H. Cobb, water superintendent reported total collections for the month of \$6,000.

Chief of Police, Frank Kiloran reported total number of arrests during the month to be 53 with 17 charges of drunkenness, 12 disorderly, 10 speeders, 2 drunk driving autos, 2 assault and battery, 1 bootlegging, 2 burglary, 4 forgery and 3 miscellaneous. The total amount of fines collected was \$298.00.

The report of A. B. Opperman, Justice of the Peace, showed fines assessed at \$466.80 with justice costs \$132.

The monthly report of health officer T. A. Mann showed a number of deaths occurring in registration district, 39; non-resident 26; city 13. Births occurring in registration district, 26; non-resident 4; city 19. The cases of communicable diseases during the month in the county are as follows: Measles 190, mumps 11, pneumonia 7, scarlet fever, tuberculosis 3, whooping cough 6.

UNITED IN MARRIAGE

Miss Letha Cox Became Bride of Dale Blair at Winchester Sunday Afternoon

The marriage of Dale Blair of near Glasgow and Miss Letha Cox of Winchester occurred at 4 o'clock Sunday afternoon at the home of the bride's mother, Mrs. Lulu Cox, in Winchester.

The ceremony was performed by Rev. W. R. Johnson of this city, and was witnessed by a company of relatives of the contracting parties. The ring ceremony was used and it was a simple but very impressive wedding service. Following the ceremony a wedding supper was served.

The bride as indicated is a daughter of Mrs. Lulu Cox of Winchester, and has always made her home in that city. She has for some time been employed as an operator in the telephone exchange there and is a young woman of attractive personality.

The groom is a son of Mr. and Mrs. Owen Blair, who reside a short distance northwest of Glasgow, and it is on a farm in that vicinity that the young people are to begin housekeeping. Their friends unite in extending best wishes.

I. W. C. TRUSTEES IN
ANNUAL SESSION

Reports Presented Show Satisfactory Year Just Closed — Few Changes in Faculty Announced

The board of trustees of the Illinois Woman's College met for its annual commencement session Monday morning at 10:00 o'clock with President James A. MacMurray of Chicago, presiding, and Albert C. Metcalf serving as secretary.

Reports given during the morning showed that all members of the faculty of Liberal Arts, with the exception of Miss Nora B. Thompson, assistant instructor in the Romance languages, who has resigned on account of the illness of her father, would return to the college for the coming year. Miss Jeanette Powell, assistant in English and Public Speaking, will take a year's leave of absence in order to obtain her master's degree. Miss Harriet Whitmer of the Biology department, will leave for China where she will teach biology in one of the Chinese universities.

New members of the faculty of 1924-25 will include the following: Assistant in Biology, Miss Florence Adcock, B. A., Knox College; M. A. University of Michigan; assistant in Romance languages, Miss Jessie Arnold, A. B., Indiana University; Phi Beta Kappa; assistant in Public Speaking, Miss Mary Burton, A. B. and M. A., University of Louisville; instructor in Voice, Mrs. Alice Montfort, for eight years under the management of Daniel Meyer of New York, has made six appearances with the New York symphony orchestra. She has also given several Aeolian Hall recitals and appeared with several choral societies in the east.

A cablegram from Dr. J. R. Harker expressing his interest in the meeting was read, and the usual business routine and reports were given. Among the out-of-town members of the board present were Miss Nellie Taylor of New Berlin, Letta Irwin Shonle, Indianapolis, and Rev. E. L. Fletcher, of Quincy.

BOARD OF EDUCATION
ENDS WORK OF YEAR

Financial Report Shows Balance on Hand—Miss Sibert Resigns—Much Accomplished for High School

The Board of Education closed the work of the year at its regular meeting last night, the session being occupied with the hearing of reports and other routine matters. The treasurer's report showed that the finances of the schools are in much better condition than at the same time last year, with the sum of \$15,000 on hand to open the schools next fall. This means that the board will not be compelled to anticipate warrants as early next year, and that much will be saved in interest charges.

The teachers' committee reported the resignation of Miss Harriet Sibert, who has been art supervisor in the city school system for several years. As yet, no one has been secured to fill the vacancy. Mrs. E. L. Wells and Miss Martha Edmondson were appointed teachers in the grade schools, and Miss Clara Smith was named as instructor in high school English. Miss Smith is a graduate of the local high school and has achieved a high reputation here and elsewhere as a musician.

Miss Grace Burroughs was given the position of stenographer in the junior high school, and Miss Ruth Wilkinson a similar position in the senior high school.

The board authorized the purchase of \$175 worth of new reference books for the high school library. A change in the basic reading texts in the grade schools and a number of minor textbook changes in the high school were adopted by the board, on recommendation of the teachers' committee.

The yearly report of the librarian, Miss Lillian Havenhill, was presented to the board. It showed that the library now contains 969 volumes, receives 17 periodicals, and co-operates with other libraries in the city in the exchange of books and magazines. Much has been done to improve the library during the past year by the purchase of new books and the installation of needed furnishings and pictures to beautify the room.

The report of the printing department showed a net balance at the end of the year including cash and supplies on hand, that totaled \$263.50. More than \$100 of this amount is held in cash, and the department expects to allow its funds to accumulate until they are sufficient to justify the purchase of a new printing press for smaller forms, which is greatly needed.

When all reports were read, it was found that the various departments and organizations of the senior and junior high schools have raised during the past year more than \$1,500, all of which has been applied on the purchase of needed equipment and supplies for the schools. The school territory has cleared during the year \$751.05, represented by cash and supplies. A report was presented from the Crimson J. board showing that the affairs of the publication have been handled in a business like way and that all bills are paid. It was decided to open school next fall on Monday, Sept. 8, and the board adjourned to meet at the call of the president.

BOY MET DEATH UNDER
TRAIN AT WAVERLY

Merton Brown Instantly Killed Monday Afternoon—Inquest to Be Held Today

Merton Brown, 12 year old son of Mr. and Mrs. Omer Brown of Waverly, met his untimely death under the wheels of the north bound P. & S. E. train at about 3:15 o'clock Monday afternoon. The boy in company with seven or eight companions, was attempting to hop the train. He lost his footing and fell underneath the wheels, his body being completely severed.

The accident happened about two blocks from the station and the train which the boys were attempting to board was a mixed one.

The remains were taken to the undertaking establishment of Frank Beatty and Coroner C. A. Rose of Jacksonville notified of the happening. An inquest will be held this morning at 9 o'clock to inquire into the cause of death. The deceased had been survived by his parents, three brothers and four sisters, Lendell, Earl, Nelson, Louise, Florence, Nadine and Letha. He attended the grade school and was a general favorite among his playmates, and his tragic death will bring sadness to many.

I. W. C. ORCHESTRA
IN ANNUAL CONCEIT

Fine Program Given by Woman's College Orchestra Monday Evening in Music Hall

The annual concert of the I. W. C. orchestra, which has for some years been one of the events of commencement week, having been given a place on the program of events on Monday evening preceding commencement. It is one of the outstanding events of the year, giving evidence to the pulpit of the excellent use that has been made of this organization of the Tuesday evenings of school year.

It is an organization in which students of the music department, faculty and music from the outside, resident Jacksonville, come together to serve a common cause under splendid leadership of Henry Pearson, director of College of Music.

The program comprised numbers, of which three were given entire; and the symphony by Haydn and the Concerto Grieg were represented by first movement of each.

A concerto was played by Florence Kirby who has on many occasions proven herself a pianist; her reputation was sustained by her playing at time. The number also had charm of novelty, as it is several years since a piano concerto has been presented on these programs.

The violins under the leadership of Miss Horsburgh, Mrs. Nelson were a unit and fine body to the whole organization. It was by far the playing that the orchestra ever done, and the next "annual" will be eagerly awaited, whose tireless efforts to maintain credit in no small measure must be given to Mr. Pearson, the orchestra excel are beautiful fruit.
